- Communication Skills

## EXPERIENCE

### Intern, PwC — 2023/2024 Summer

Contributed to PwC's Center of Innovation and Technology, conducting control audits in financial assurance. Utilised analytical skills and collaborated with a diverse team to enhance audit processes. Excelled in a dynamic environment, applying data-centric insights and adaptive problem-solving to maintain organisational integrity.

### Intern, Ministry of Education — 2022/2023 Summer

Worked in a rapidly changing professional environment with a strong need for self-managing work prioritisation. Conducted stakeholder management, data validation, processing, and analysis to create the Pacific Medium Education directory.

### Maths Tutor, NumberWorks'nWords — 2021 - 2023

Communicating with ākonga aged 7-18 to fulfill work commitments in the required timeframes and quality standards. Teaching mathematics skills effectively and efficiently by evaluating strengths, weaknesses, and needs of each individual student.

### Academic Tutor, NumberWorks'nWords — 2022 - 2023

Tutoring INFO103, a database course introducing the principles of database definition, design, access and implementation. This role included running workshops, weekly meetings, and marking assignments.

## Front of House (FOH), Government House — 2020 - 2022

Managing internal and external relationships to deliver on strict work priorities, and ensure the smooth running of functions/ events for the Governor General. Balancing proactive and responsive work priorities is essential.

## Covid Screener, Wellington Regional Hospital — 2021/2022 Summer

Rapidly screened visitors, often needing to liaise with the team member to allow people through with discretion. When declining public entry to see loved ones, considerate communication was crucial to maintain a strong reputation.

## Videography, Re:brand — 2018 - 2021

Created and curated content for Re:brand clients and internal use. During this time a client I created a presentation for was Maori Tourism.
